

# Kiki The Eco Elf

Booking/contact: Tanya Lipscomb 250-503-4503 or 250-549-1234

Tanya Lipscomb, an award-winning, touring singer/song writer (and mother of 3), developed a character named "Kiki the Eco Elf" 6 years ago. "Kiki" is bright, colourful, silly and highly enthusiastic children's entertainer! She has released 3 independent children's albums since 2010, performed at 100s of festivals and family events and has shared the stage/opened for Charlotte Diamond, Fred Penner, Splash n' Boots and Bobs & Lolo.

It is her joy and passion to raise environmental awareness and promote sustainability as well as creativity, musical diversity and silliness. She captures audiences with up-beat music, gets the crowd singing along and clapping, involves young and old with interactive games, magic illusions and story-telling and entralls children (and the young at heart) with her larger than life stage presence, inspiring them to make positive, creative choices to better the world.

"Kiki the Eco Elf" gave her first performance in the Spring of 2008, and since then has performed in schools, libraries, fairs, at Children's festivals, music festivals and family events across Canada.
